

Application for Certification as an Eligible Energy Resource Under the Delaware Renewable Energy Portfolio Standard

1. Name of Facility

197450

2. Facility Address

524 Whispering Trail Unit LT29

Middletown, DE 19709

Is the facility located within the PJM control area?

☒ Yes

☐ No

If No, does the Facility have import capabilities¹?

☐ Yes

☐ No

3. Name of Owner

Solar Integrated Fund III, LLC

Mailing Address

6611 South Las Vegas Blvd, Las Vegas NV 89119

Phone (702) 680-6644

Fax

Email incentives.SREC@tesla.com

4. Name of Operator

Tesla Energy Operations, Inc.

Mailing Address

6611 Las Vegas Blvd S. Ste 200

Las Vegas, NV 89119

Phone (702) 680-6644

Fax

Email incentives.SREC@tesla.com

¹ Documentation will be required to substantiate import capabilities into PJM

5. Name of Contact Person

Carly Hamilton

Mailing Address

6611 Las Vegas Blvd S. Ste 200

Las Vegas, NV 89119

Phone 888.765.2489

Fax

Email incentives.SREC@tesla.com

6. Name of REC/SREC Owner

Tesla Energy Operations, Inc.

Mailing Address

6611 Las Vegas Blvd S. Ste 200

Las Vegas NV 89119

Phone (702) 680-6644

Fax

Email incentives.SREC@tesla.com

7. List all PJM-EIS GATS State Certification Numbers assigned to this facility:

8. Operational Characteristics:

Fuel Types Used (check all that apply):

☐ Gas combustion from the anaerobic digestion of organic material

☐ Geothermal

☐ Ocean, wave or tidal actions, currents, or thermal differences

☐ Qualified Biomassⁱ

☐ Qualified Fuel Cellsⁱⁱ

☐ Qualified Hydroelectricⁱⁱⁱ

☐ Qualified Methane Gas captured from a landfill gas recovery system^{iv}

☒ Solar

☐ Wind

If co-firing, provide the formula on file with PJM Environmental Information

Services, Inc. (PJM-EIS) _____

Rated Capacity (in megawatts - DC) 0.01014

If multiple fuel types are utilized, attach the formula for computing the portion of output per fuel type by megawatts per hour generated.

Facility **Final Approved Interconnection Date** 01/20/2016

If co-firing with fossil fuels, co-fire start date _____

If co-firing with fossil fuels, attach the allocation formula on file with PJM.

9. Is the Applicant's facility customer-sited generation^v?

☒ Yes ☐ No

Is the Applicant's facility a community owned generating facility^{vi}?

☐ Yes ☒ No

Can the output from the customer-sited generation be appropriately metered?

☒ Yes ☐ No

10. If the Applicant's installation is solar or wind sited in Delaware, is a minimum of 50% of the cost of the renewable energy equipment, inclusive of mounting components, manufactured in Delaware?

☐ Yes* ☒ No

Tesla Energy Operations, Inc.

Company Name of Installer

6611 Las Vegas Blvd S. Ste 200

Address
Las Vegas, NV 89119

Address

Signature of Company Representative

Carly Hamilton
Print Name of Company Representative

***If Yes, please attach the following documentation:**

- A copy of the supplier's invoice showing Delaware manufactured equipment with this facility identified
 - If the supplier's invoice shows only a coded Purchase Order (PO) number, a copy of the company's matching PO that includes the address where the materials were used/installed, must also be supplied
 - If using a master invoice, a record of the draws against the purchased quantity, on the master invoice, must show the address of each use and the quantity of material used

11. If the Applicant's installation is solar or wind sited in Delaware:

a. Was the facility physically constructed or installed with a workforce that consists of at least 75% Delaware residents?

☐ Yes* ☒ No

b. Does the installing company employ, in total, a minimum of 75% workers who are Delaware residents?

☐ Yes* ☒ No

Tesla Energy Operations, Inc.

Company Name of Installer

6611 Las Vegas Blvd S. Ste 200

Address
Las Vegas, NV 89119

Address

Signature of Company Representative

Carly Hamilton
Print Name of Company Representative

***If Yes, please attach supporting documentation (see pages 7-8 for details). Please note, in order to qualify for the Labor/Workforce Bonus, at least one of the options (a. or b.) must be met.**

I, Carly Hamilton (print name) hereby certify under penalty of perjury that

1. I have made reasonable inquiry, and the information contained in this Application is true and correct to the best of my knowledge, information and belief.
2. I am authorized to submit and execute this Application and to bind myself and/or my company to the representations contained herein.
3. I /my company agree(s) to comply with and be subject to the jurisdiction of the Public Service Commission of the State of Delaware for any matters arising out of my submission of this Application or the granting of the Application.
4. In the event that any of the information contained in this Application changes pending the consideration of this Application or after the Application is granted, I/my company will amend the Application to provide the Commission with such changed information.
5. I acknowledge that if any of the representations made in this Application or in any amendment thereto are found to be untrue when made, I/the company may be subject to sanctions, including but not limited to monetary fines and/or the revocation of any Certificate granted as a result of the representations made in this Application.

Signature: Carly Hamilton

Date: 6/4/2018

Required Documentation:

- If the facility is customer-sited generation, attach a copy of the utility's **Final Approved Interconnection Agreement**
- One copy of U.S. Department of Energy, Energy Information Administration Form EIA-860, if rated capacity is >1.0 MW

ⁱ "Qualified Biomass" means electricity generated from the combustion of biomass that has been cultivated in a sustainable manner as determined by Delaware Department of Natural Resources and Environmental Control (DNREC), and is not combusted to produce energy in a waste to energy facility or in an incinerator.

ⁱⁱ "Qualified Fuel Cells" means electricity generated by a fuel cell powered by Renewable Fuels, as that term is defined in Section 1.0 of the Rules and Procedures to Implement the Renewable Energy Portfolio Standard, Delaware Public Service Commission Regulation Docket No. 56.

ⁱⁱⁱ "Qualified Hydroelectric" means electricity generated by a hydroelectric facility that has a maximum design capacity of 30 megawatts or less from all generating units combined that meet appropriate environmental standards as determined by DNREC.

^{iv} "Qualified Methane Gas" means electricity generated by the combustion of methane gas captured from a landfill gas recovery system; provided, however, that:

1. Increased production of landfill gas from production facilities in operation prior to January 1, 2004 demonstrates a net reduction in total air emissions compared to flaring and leakage;
2. Increased utilization of landfill gas at electric generating facilities in operation prior to January 1, 2004 (i) is used to offset the consumption of coal, oil, or natural gas at those facilities, (ii) does not result in a reduction in the percentage of landfill gas in the facility's average annual fuel mix when calculated using fuel mix measurements for 12 out of any continuous 15 month period during which the electricity is generated, and (iii) causes no net increase in air emissions from the facility; and
3. Facilities installed on or after January 1, 2004 meet or exceed 2004 Federal and State air emission standards, or the Federal and State air emission standards in place on the day the facilities are first put into operation, whichever is higher.

^v "Customer-sited Generation" means a generating unit that is interconnected on the end use customer's side of the retail electricity meter in such a manner that it displaces all or part of the metered consumption of the end-use customer.

^{vi} "Community-owned Energy Generating Facility" means a renewable energy generating facility that has multiple owners or customers who share the output of the generator, which may be located either as a stand-alone facility or behind the meter of a participating owner or customer. The facility shall be interconnected to the distribution system and operated in parallel with an electric distribution company's transmission and distribution facilities.

Documentation Required for Delaware Labor/Workforce Bonus

11. If the Applicant's installation is solar or wind sited in Delaware:

- a. Was the facility physically constructed or installed with a workforce that consists of at least 75% Delaware residents?

If you answered yes to "a." above, complete the following as evidence.

The following individuals (list every employee) were employed by

Installation Company Name

as direct labor (physical construction and installation) for this facility: (Attach additional sheets if necessary)

Please complete the following information for all individuals listed above:

Name	Home Address City, State only (As per Tax Withholding)	Social Security Number (Last 2 digits only)

Total Delaware Resident Employees:_____ **Total Number of Employees:**_____

% of Delaware Residents (Delaware Residents Divided by Total Employees): _____

Documentation Required for Delaware Labor/Workforce Bonus

11. If the Applicant's installation is solar or wind sited in Delaware:

- b. Does the installing company employ, in total, a minimum of 75% of workers who are Delaware residents?

If you answered yes to "b." above, complete the following as evidence:

Installation Company Name

employed the following individuals (list EVERY employee on the payroll during the period from project start date until project completion date). Projects are considered complete upon final interconnection approval to operate. (Attach additional sheets if necessary)

Project Start Date:_____ Project Complete Date:_____

Employee Full Name	Home Address City, State Only (As per Tax Withholding)	Social Security Number (Last 2 digits Only)

Total Delaware Resident Employees:_____ Total Number of Employees:_____

% of Delaware Residents (Delaware Residents Divided by Total Employees): _____

Generator Interconnection Application

The Mayor & Council of Middletown
19 West Green Street
Middletown, DE 19709

(302) 378-2211
www.middletownde.org

An applicant (Generator Owner) makes application to Town of Middletown to install and operate a generating facility interconnected with the Town's utility system.

Section 1. Applicant Information

Name: Debra Kupper
Address: 524 Whispering Trail Unit LT29
City: Middletown State: _____ Zip Code: 19709
Facility Location (if different from above):
524 Whispering Trail Unit LT29, Middletown, DE 19709 United States (NEW CASTLE County)
Telephone (Day): 3024490202 (Evening) _____
Electric Account No. : 1339521-1

Section 2. Generator Technical Information

Is Generator powered from a Renewable NEM Qualifying Energy Source: Yes No

Type NEM Qualifying Energy Source (if applicable): Solar Wind Hydro

Generator (or solar collector) Manufacturer: Trina Solar

Model Name & Number: TSM-260PD05.18

Output Power Rating in kW: 10.14

Inverter Manufacturer: ABB

Model Name & Number (if used): PVI-3.6-OUTD-S-US (240 V) PVI-5000-OUTD-US (240V)

Rating in kW: 8.60 kW

Will a generator disconnect device, accessible to the Municipality be installed?: Yes ☒ No ☐

If the Generator Owner elects not to install a manual disconnect device accessible to the Town of Middletown, the Generator Owner assumes all risks and consequences when a service meter must be "pulled" to disconnect the generator thereby also interrupting all utility electric service to the Customer site.

Section 3. Generator / Equipment Certification

Generating systems that use utilize inverter technology must be compliant with IEEE 929 and Underwriters Lab. UL 1741. Generating systems that use a rotating machine must be compliant with the Town of Middletown's Power Delivery's Technical Considerations Covering Parallel Operations of Customer Owned Generation. By signing below, the Applicant certifies that the installed generating equipment meets the appropriate preceding requirement(s) and can supply documentation that confirms compliance.

Signed (Applicant): Debra Kupper Date: 10/21/15

Section 4. Initial Generator/Equipment Installation Approval

The electric department grants initial approval for stated installation above. Final approval shall be subject to adherence of applicable regulations and requirements.

Signed (Town of Middletown): Christopher N Pierce Date: 12-21-15
Print name: Christopher N Pierce

(Please return this original page 1 to the Town of Middletown to continue project review and processing.)

Generator Interconnection Application

The Mayor & Council of Middletown
19 West Green Street
Middletown, DE 19709
(302) 378-2211
www.middletownde.org

Section 5. Installation Details

Generating System will be installed by: Owner State Licensed Electrician

Installing Electrician: _____ Firm: SolarCity License No.: 2011120386

Mailing Address:

6611 Las Vegas Blvd South, #200

City: Las Vegas State: NV Zip Code: 89110

Telephone: Area Code: 702 Number: 703-8951

Installation Date: 12/29/2011 Interconnection Date: _____

Supply certification that the generating system has been installed and inspected in compliance with the local Building/Electrical code of the Town of Middletown.

Signed (Inspector): Please see attached inspection certificate Date: _____

Donald Kupper

(In lieu of signature of Inspector, a copy of the final inspection certificate may be attached)

Section 6. Applicant Signature

I hereby certify that, to the best of my knowledge, all the information provided in the Interconnection Application is true and correct. I also agree to install a Warning Label provided by the Town of Middletown on or near my service meter location.

Signature of Applicant: [Signature] Date: 10/21/15

To submit this Interconnection Agreement, email to Chris Pierce at cpierce@middletownde.org or FAX to (302) 378-5719.

Sections Below for Municipal Use Only

Section 7. Final Approval or Non-Approval

Town of Middletown Delivery: Has Approved ☒ Has Not Approved ☐ this Interconnection Application

Name: Christopher N Pierce

Date: 01-20-16

Signature: [Signature]

Reason for not approving: _____

Approval to connect to the Town system indicates only that the minimum requirements for a safe proper interconnection have been satisfied. Such approval does not imply that the Generator Owner's facility meets all federal, state and local standards or regulations.

Section 8. Internal Notifications

Send Applicant Warning Label for installing on/ near service meter: Yes

Notify Billing Dept. of Interconnected Generation: Yes

Notify District Engineering of Interconnected Generation: Yes

Notify System Protection of Interconnected Generation: Yes
